Feature & Benefits

- True net weight. Ice glaze does not count toward the net weight of the product, which delivers maximum yield and value to the operator.
- Coated in a protective ice glaze to prevent freezer burn and preserve freshness.
- Superior yield. Minimal defects of less than 2% of the weight of the case compared to the industry standard of 5%.
- Labor saver! Available in peeled and deveined, saving you both back of house labor and the HACCP concerns that come with processing raw shrimp.
