

PORTICO® SEAFOOD
Classic

FEATURES AND BENEFITS

Portico Classic Boneless, Skinless Tilapia is farm-raised from China and has a mild taste and firm, flaky texture perfect for frying, baking, grilling, and sautéing.

These portions are individually quick frozen for freshness and to help prevent freezer burn.

True net weight. Ice glaze does not count toward the net weight of the product, delivering 100% yield and value to the operator.

Ready-to-cook skinned and de-boned portions eliminate back-of-house labor needed to clean and trim tilapia and eliminate safety concerns when cleaning raw seafood.

Sysco's unparalleled Point Source Inspection System ensures that your seafood is traceable to the source, delivering consistent quality and integrity every time.

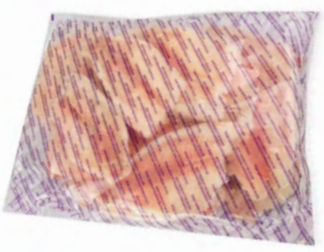

CULINARY APPLICATIONS

Fish Tacos - Tilapia seasoned with Southwestern spices and pan-seared, then drizzled with chipotle lime sauce and served in homemade corn tortillas.

Pan-Fried Tilapia - Tender, flaky tilapia pan-fried and served with oven roasted potatoes and a crunchy Asian slaw tossed in a creamy peanut butter dressing.
