Ahi Tuna

Sysco is proud to offer the highest quality Ahi Tuna, responsibly sourced from the Indian Ocean. Working directly with the source, our tuna is long-line caught and frozen at sea. This method is considered to be more sustainable and results in a better quality fish. Our tuna is Grade AAA and is suitable for sushi and sashimi applications. Portions are also individually vacuum packed to ensure freshness.

FEATURES AND BENEFITS

- Highest Quality Taste & Texture - Fresh, rich, & clean flavor with exceptional mouthfeel.
- Minimal & Invisible Sinew - No thick white lines in-between protein
- Consistent cuts, individually vacuum-packed
- Tasteless Smoke ensures bright pink color that consumers expect from fresh tuna.

CULINARY APPLICATIONS

Seared Ahi Tuna Steaks - it's the beef of the sea and delicious skillet seared!

Grilled Tuna Steaks - Ahi simply seasoned and cooked to perfection on your barbeque grill and – it's better than the same old-same old backyard steak.

Ahi Tuna Poke Bowl - A traditional Poke Bowl is a simple and delicious combination of rice, Asian toppings like soy sauce, and cubed raw sushi-grade Ahi.
